Ankit Kumar Pradhan

Keonjhar, Odisha | ankitpradhanofficial2004@gmail.com | 7750923239 | Portfolio | LinkedIn | GitHub

Professional Summary

Versatile and detail-driven Full-Stack Developer with strong proficiency in React, Node.js, Express, and MongoDB. Experienced in designing and deploying scalable web applications across automation, fitness, and real-estate domains. Demonstrates expertise in crafting seamless user experiences, optimising performance, and delivering impactful digital products aligned with business goals.

Education

Masai School, Bengaluru – Software Development (Full Stack) | *2024 – Present*

GITA Autonomous College, Bhubaneswar –Bachelor of Technology in Computer Science and Engineering|*2021-2026*

Projects

PropertyDekho.in (Live Demo) |React, Redux, Node.js, Express, MongoDB, Socket.io, Cloudinary | GitHub
- Built a full-stack property listing platform with secure authentication and complete CRUD operations.
- Integrated smart search filters, sorting, Cloudinary uploads, and Google Auth for smooth user experience.
- Implemented real-time user communication using Socket.io for instant messaging.

Masaipe (Live Demo)|React, Redux, React-PDF-Renderer, JavaScript, Firebase, Tailwind CSS | GitHub
- Developed a platform to automate mentor/evaluator payouts with dynamic calculations and receipt generation.
- Implemented secure session tracking, data handling, and Firebase-based authentication
- Designed a responsive UI using React and Tailwind CSS for professional user interaction.

Ampyre (Live Demo) | React.js, Tailwind CSS, Firebase, Firestore| GitHub
- Built an all-in-one fitness platform where users can chat with friends, track fitness goals, and follow personalised diet and workout plans.
- Integrated a shopping section for fitness equipment and protein supplements within the same app.
- Designed a responsive, user-centric UI powered by Firebase and Firestore for authentication and real-time data management.

Certifications

- Masai x To10x Hackathon Edition #4 – Masai (*June 2025*)|Link
- Frontend Web Development with React.js & JavaScript – Devtown (*June 2023*)|Link
- Web Development Bootcamp – Codekaro (*April 2023*) |Link

Technical skills

Languages & Core: HTML, CSS, JavaScript, Node.js |**Databases:** MongoDB, Firebase |

Frameworks & Libraries: React.js, Express.js, Tailwind CSS | **Tools & Platforms:** GitHub, Postman, Vercel, Render.

Soft Skills

Adaptive Communication and Adaptability | Collaborative Leadership| Emotional Intelligence (EQ).
